

Wrangell Parks & Recreation

Playground Revitalization Sponsorship

Revitalized playgrounds provide a safe and enjoyable space for families, promoting physical activity and overall well-being. They improve the aesthetics of a community, making it more attractive for residents and visitors alike. Modernized equipment ensures inclusivity, catering to children of all abilities, fostering a sense of belonging for everyone.

These beloved shared spaces become gathering spots, encouraging social interactions and strengthening community bonds. Aesthetically pleasing, ADA compliant parks can positively impact local businesses by attracting visitors and contributing to the overall economic health of the community. Investing in playground revitalization is an investment in the happiness and cohesion of Wrangell.
